## P.C.E.A CENTRAL BRIGADE COUNCIL

## BRIGADE WEEK MESSAGE FROM THE BRIGADE DEPARTMENT - 2017

## INTRODUCTION

### Dear Brethren,

Jesus said, "Let the little children come to me, do not hinder them, for the kingdom of heaven belongs to such as this" (Mathew 19:14). We see this admonition lived out proactivelyin the early Church. Children were such an integral part of the Church in Ephesus that Paul, writing to that congregation, addresses children directly (Ephesians 6:1-3. That Paul would do so is exceptional, particularly in a culture that viewed children more as property than as valued human beings. I belief the founders of such children movements such as Brigade had the same spirit like that of Paul creating space for children in the kingdom of not only in heaven but also in the Physical church.

This makes the brigade Department remain strongly committed to our vision and mission as a department to engage in research and advice the church accordingly as far as the ideals of Brigade and objectives are concerned. The P.C.E.A Central Brigade Council is pleased to present this report during the Brigade week 2017. This report outlines and analyzes major activities this department has engaged in, the challenges faced, potential remedies to address them both short and long term and highlights of achievements and future plans.

#### ABOUT BRIGADE

Brigade is an international and interdenominational Christian uniformed organization which seeks to address the specific and general challenges facing young boys' and Girls' and help them grow into maturity. This great movement was started by Sir. William Alexander Smith in Glasgow - Scotland in 1883 as Boys Brigade. Later on the Girls Brigade was formed and that's why we talk of the Boys and the Girls Brigade. Both are anchored on two twin pillars namely Religion and Discipline. We focus to train our boys and girls to grow in a wholistic manner as Christ did (Luke 2:52) using the four corner square training program which is globally accepted tool as a standard platform to raise children who are God fearing. The program addresses the four main faculties of a human development and wellbeing which includes, Spiritual, Social, Education and physical. It's now very clear that in today's mission approach is through the children ministry and we believe that the Brigade Department within the PCEA church has been a great instrument and platform whereby so many children have joined the church and more so have come to know Jesus and have been admitted into full membership of the Church.

#### **BRIGADE WEEK THEME**

#### 1PETER2: 1 -5

The Brigade theme is taken from 1 Peter 2: 1 which implies that the time has come and is already here for God's people to rid themselves off evil practices and desires which distract people from growing in their faith (see more at the back of the program). It's our prayer that our good Lord will minister unto to all of us and more so to our children

## THEME SONG & POEM AND BRIGADE WEEK PROGRAMME

This year, Eastern Region, i.e PCEA Imenti North Presbyterial composed both the theme song and the Poem based on our theme. All companies are expected to receive a copy of the program and the VCD free of charge to enable them rehearse and recite the poem as presented by P.C.E.A Meru Town Boys' & Girls' Brigade in the VCD. We thank the region, Presbyterials and the Congregation who have supported this program to date.

## ANNUAL GENERAL MEETING

The Annual General Meeting is an important forum which brings together not less than fifteen participants together with a view of receiving reports, analyzing them, assessing the performance and receiving suggestion on areas of improvements and also developing resolution as proposal to higher courts of the church to for policies for the department. In the year under review we held our AGM from 7th to 10<sup>th</sup> December 2016 at Kagumo High School in Kiganjo Presbytery whereby we received 771 officers' participants and 60 children for Parade and it was a great success.

#### **TRAINING**

We thank God and all our trainers and officers for the support they have continued to offer voluntarily to assist in training and equipping our children. Training is the core activity of our organization and that's why I am appealing to all stakeholders to take it very seriously. Initial Basic Courses are trained mainly during holidays in April and August and some in December and we are looking forward to other new courses to be introduced as we are working on with the Training Committee. Our goal is to recruit as many officers to be trained as possible and likewise train Children willingly because they are the reason for our existence. We also proposed to train more TOTs to assist us in equipping of our officers.

#### REGISTRATION AND RENEWAL

The structure of the Brigade international is that membership is through a one off registration fee and renew of the same every year. Every company, officer and children are recognized and considered as bonafide members upon honoring of the same. In PCEA we receive these subscriptions not later than 30<sup>th</sup> September of every year. A new company registers with Kshs 250 and renew with Ksh 200 annually while the Officer and the child pays Ksh 100 and Ksh 50 respectively. This enables the department to subscribe equally to National Interdenominational Office annually.

# COMMISSIONING, ENROLMENT AND DEDICATION

The department has been very busy through our able Ministers and trainers commissioning new companies, enrolment of new children into the already established companies and re-dedication of new members especially officers. This forms a great part our weekly activities at the churches since such events take place at the congregational level although there are some parishes who conduct them at the parochial level.

## THE BADGE WORK AWARDS PROGRAMME

The badge work program is an international practice among brigade where both officers and Brigadiers are awarded differently according to their levels of achievement and service rendered. It contains many lessons for the children since one need to move from one level to the other progressively until one attains the 24<sup>th</sup> badge award. So far we have not been able to develop and awarding system for our officers but plans is under way. We thank our Trainers and Officers who have been tirelessly engaging children in this very important and examinable program as it is through this they learn and improve their life skills.

#### BBK, GBK, EARF AND GF

The Central Brigade Council (CBC) is affiliated to the Brigade Kenya National Organization whereby we participate and are also represented by the CBC officials. Currently the PCEA holds the position of the Chairman.

- i. BBK (The Boys' Brigade Kenya) PCEA Brigade connects with other denominations in Kenya. The CBC Secretary is currently the National Chairman President) while the senior Chaplain is His Grace the Archbishop of the Anglican. We participated in the Annual commemoration of the founder of Brigade Sir William Alexander Smith on 3<sup>rd</sup> October 2016.
- iii. GBK (Girls Brigade Kenya) We wish to inform the church and all Brigade stakeholders that with the help of God and spirit of good will by both GBK and BBK leaders, the case which has been lying in court for some 17 years has been finally withdrawn from the courts by GBK officials which is a milestone in assisting unlock the stalemate which has been there for many years. We are waiting for further information from BBK Council on the next course of action in regard to this matter. Meanwhile let's continue praying for the same.

## MISSION WORK

The department has been involved in doing mission work across the Church at all levels e.g. visiting the sick at their homes and hospitals, prisons, contributing money to support the needy and the destitute. We also participated in the National Mission to Tanzania – Arusha Nendeni area through the Nendeni Board from 11<sup>th</sup> to 17<sup>th</sup> July 2016. We shall also participate in the mission to Uganda in June 2017.

## **BRIGADE PARTNERSHIP BOARD**

This group of men and women of goodwill have continued to offer their unreserved commitment and general support to the department and we really want to thank them for their good ministerial work. The partners donated Ksh. 1.1 million towards possession and renovations of the Brigade Centre at Ngenda. May the Lord bless all of them and support them in their endeavors as they continue to purpose to support this department.

#### PRESBYTERIAN INTERNATIONAL BRIGADE TRAINING AND CONFERENCE CENTRE

After conceiving the dream of having a well-established and equipped Training Centre for Brigade, the Lord has been gracious to the department and now the Centre is a reality at Ngenda Mission Land. The

institution is the former Kiriri high school owned by the women guild of the former Ngenda and Githaruru Parishes. The Brigade undertook to compensate them with Seven Million whereby the Six Parishes will be given One million each and the Thiririka Presbytery to receive one million. A down payment of Ksh 1.500,000/= has being paid and the balance will be repayable in five years. This is a centre which can host over 400 boys and girls on both floors. However the centre requires a lot of work to be done and Training Programmes and Curriculums to be developed. It was handed over to the Brigade department by the Presbytery Officials, re-dedicated and officially opened on 24th November 2016 by the Moderator of 21st G.A during the National Children Camp 2016 the first activity to be held within the centre. We humbly request entire church and all the Brigade fraternity to support this centre by taking our trainings there and hold ing our camps at the same place.

# **REGIONAL VISITS**

The CBC Office did visit all the regions with an aim of reaching out to all Brigade leaders and officers at Parish Level for capacity building and the focus was on mentorship. We are encouraging all Brigade officers that anytime when they are called upon for such forums to always make sure they show up because such forums are not only educative but very informative and also it is during this visits critical and disturbing Brigade concerns and questions are addressed

## **BRIGADE NATIONAL THIKA PROJECT**

This was a massive perceived income generating project for the department. However since there is now a centre which the Brigade owns, the official stakeholders during the 2016 AGM resolved to dispose all other project and concentrate with this one project of developing the centre. All the shares holding invested by the Presbyterials Councils and the CBC council will be transferred to this centre.

#### **CHALLENGES**

- 1. Financial challenge has grown bigger because we have an outstanding CESS, AGM, VCD debt amounting to Ksh. 5,751,267/=. We are appealing to all those Presbyterials who owe us these balances to clear so that we can invest this money on our new Centre.
- 2. Registrations & Renewals: some companies are not registered with the Brigade office while others did registered themselves but they have never renewed.
- 3. Laxity of officers some officers have abandoned training and teaching work to an extent that some very active companies are dead already.
- 4. Lack of proper digitalized teaching materials and curriculums to handle the modern children of our day.
- 5. Lack of proper controls when it comes to the production of the correct uniforms and other equipments.
- 6. Lack of capital to improve our new national centre for training with facilities fit for Brigade training and activities.

## **FUTURE PLANS**

- 1. We hope to improve our partnership links not only locally but also internationally.
- 2. Improve our database which developed some technical problems
- 3. Commissioning as many companies as possible and capacity build them.
- 4. Recruit and train more officers and trainers as a continuous process
- 5. Renovate, equip, advertise, and construct halls of different sizes, self-contained rooms for conferencing, improve the perimeter wall and recruit personnel for the Brigade Centre at Ngenda.
- 6. Improve our training materials with an aim of rewriting our curriculums and revise Training Manual and other necessary Brigade books.
- 7. Re-write our Strategic plan since the current one ended at the close of last year.

8. Develop a liturgy book for all the Brigade ceremonies

## CONCLUSION

Our views concerning children ministry in our church has been that there is someone taking care of them irrespective of whether we know them or not. We thank God because of late the concept and importance of considering children ministry as an integral part of the main church has come more clearly focused. We have now introduced things which indicate that we are concerned with the future of our church. In some parishes and congregations we have youth and children ministry coordinators who are doing a great work.

The brigade department wishes to thank the 21<sup>st</sup> G.A officials for their commitment to support Brigade ministry this far, all Presbyterials, Parishes and Congregations, all ministers and elders, and children, officers and our parents for their support. May our good Lord bless the brigade organization and help us to move to great heights of success achieving our ideals and our objectives.

# PCEA CENTRAL BRIGADE COUNCIL - YEAR 2017 THEME EXPOSITION.

Theme: "Therefore, rid yourselves of all malice and all deceit, hypocrisy envy, and slander of every kind". (1 Peter 2: 1) NIV.

1st Readings: Daniel 9: 20 – 27
 2nd Readings: 1 Peter 2: 1 – 5

Preamble: I greet you all in the name of our Lord and Saviour Jesus Christ.

I am so grateful to God and humbled for another opportunity to give a thame for our Brigade Department which has immensely grown in terms of companies, officers trainers and partners. It's also worth noting the remarkable increase of brass bands in our Churches. Thanks to God for the landmark project of 'National Presbyterian Children Training Camping Centre" in Ng'enda Parish, Thiririka Presbytery. Indeed the vibrancy of Brigade in P.C.E.A cannot be over emphasised and glory to God. Brethren, keep up the spirit to theend in Jesus' Name.

**Objective:** Be consistent in what we confess and practice; working and praying for peace as we live in this world filled with conflicts and wars, waiting for the coming of our Lord to set up His Kingdom of Peace and Justice.

**Exposition:** The 2017 Brigade Week coincides with the polling time when the political temperatures and anxieties of people in the country rise very high. During such times, selfishness, anger, greed and lust for power are so evident and severally they have led to loss of innocent lives and wanton destruction of property. This time round, let us work and pray for peace and justice to reign. As we do this, let us get rid of all what leads us to have the desire to live an inconsistent, deceitful life and allow God to use us to point others to Christ and His transforming love. Let's all be faithful ambassadors of Jesus Christ, the Prince of Peace.

I wish you all a blessed 2017 Brigade Week, Peace and tranquility in polling and consistency of purpose as you adhere to the restructuring of Church groups for better service delivery to the glory of God.

Thank you.

Yours in the Lord's Vineyard,

Rev. Henfrey Micheni Silas,

CHAPLAIN - CENTRAL BRIGADE COUNCIL
